#### BEGINNING OF END FOR OCCASIONAL IMBIBERS

Some Chicago Saloons Close Their Doors—Dohmke & Sons of Rialto Fame, Among Them.

Chicago, May 1.—Some saloons closed yesterday, and gentlemen who occasionally imbibed regarded the fact as the beginning of the end. Charles Dohmke & Sons, who have done business on the Rialto for 35 years and are well known to two generations of actors, closed their doors, as did Ed and Billy Welch, a favorite resort of labor leaders.

#### Grandmother Knew

Just what to do to keep her family rugged and well. She believed in nature's remedy, the life-giving juices of leaves, roots and herbs, which are united in SEVEN BARKS and which has been a standard and favorite remedy for indigestion, constipation, kidney, liver and stomach troubles for nearly 50 years.

You cannot be constipated and happy at the same time. If you have a bad taste in the mouth, foul breath, furred tongue, dull headaches, drowsiness, disturbed sleep, mental depression, yellowish skin, then you are constipated, and SEVEN BARKS will quickly relieve this disorder, which is the result of liver derangement, and severe digestive disturbances.

Be prepared for these emergencies; always keep SEVEN BARKS on hand, and take from 10 to 20 drops in a little water after meals, and it will quickly cause the bowels and liver to act normally.

If you want to get the greatest efficiency out of your body, you should take SEVEN BARKS, so that the stomach may do its best work, and not be handicapped by the burdens we foolishly sometimes put upon it. For sale by druggists. Price, 50 cents per bottle.—Adv.

#### WORMS MAKE SICK CHILDREN

Signs of worms in children are: De-ranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red points sticking out on tongue, starting during sleep, slow fever.

The safe method for ridding the child of worms is to use Dr. Tru's Elixir. Mrs. William G. Bonin of Caddo, Oklahoma, wrote regarding Dr. Tru's Elixir, "We have used it for our children for the last twelve years and certainly know the value of it." You can buy Dr. Tru's Elixir wherever medicine is sold. Pleasant-tasting—gentle acting. The family laxative and worm expeller for children and grown folks.—Adv.

Best hairdresser's advice with Cuticura Talcum, a delicately perfumed skin powder. At all druggists 25c.

### 36 BOMBS SENT THROUGH MAIL

As Part of a Terrorist Plot Timed to Break Out on May Day

#### RADICALS BEING CLOSELY WATCHED

There Is a Possibility That Other Bombs Have Been Sent

New York, May 1.—With the discovery and frustration of a nation-wide bomb conspiracy here yesterday against the lives of many prominent Americans, every agency of the federal and municipal government was at work to-day, not only in an attempt to trace the authors of the terrorist plot, but to guard against the "reds" boast of a "country-wide surprise on May day."

Members of New York's famous bomb squad, under the direction of Inspector Farnot, and hundreds of detectives, watched the haunts of every known radical here and it was intimated by the police that before night there would be a general round-up of extremists of all types in this city and suburbs.

While 36 bombs have been delivered or intercepted in various cities—all apparently mailed from New York in identical parcel post packages—Postmaster Patton said: "The likelihood that other infernal machines will be brought to light in the next 24 hours is absolutely appalling."

The postmaster said that "evidently the packages were mailed with a view of reaching the address on or about May 1." This is indicated by the fact that parcels reaching the Pacific coast bear the postmark of April 23. Those detained here were put in the mails April 26.

Though all the packages identified were sent from New York, the postal authorities believe that others may have been sent from other cities, and postmasters throughout the country have been warned to watch for suspicious looking parcels.

The police to-day made further examinations of the 16 packages found in the general postoffice yesterday, where they had been held for three days because of insufficient postage. The bomb experts worked six and one-half hours in opening one of the packages. Owen Egan, an authority on infernal machines, expressed astonishment at the ingenuity of the contrivance.

"It doesn't resemble any machine I have ever come across," he said. "It is the neatest and, from the standpoint of mechanical arrangement, the cleverest, I have ever seen. Whoever perfected this thing must have been an expert mechanic and chemist."

The packages in size and shape are suggestive of a biscuit package. Members of the firm of Gimbel Brothers reiterated to-day that the printed wrappers on the packages, purporting to come from their store, were faked.

Examination of the typewritten address on the packages indicated, according to the police, that they were made on the same typewriter. There were a number of misspellings.

Among those to whom the deadly packages were addressed were: Postmaster General Burleson, Secretary of Labor Wilson, Attorney General Palmer, Commissioner General Caminetti of the immigration bureau, Mayor Hylan of New York, Governor Crouder of Pennsylvania, John D. Rockefeller, J. P. Morgan.

Solicitor General Lamar of the post-office department, F. C. Howe, immigration commissioner at New York, Associate Justice Holmes, W. M. Wood, 121 Fairfield street, Boston, W. H. Finck, special agent of the department of justice at New York, W. J. Shaffer, attorney general of Pennsylvania, T. Lary Dyra, Chester, Pa., Richard B. Enright, police commissioner, New York City.

Self-Hanging  
**Vudor**  
Ventilating Porch Shades

PEOPLE by the million cannot be induced to buy anything which their next-door neighbors have tried and found a failure; neither will they buy the same thing continuously for eighteen years unless the article bought does what they want done in the way they want it done, and unless it is an economical purchase.

When you clearly understand what it does and how economical it is per year of service, you will join the millions who now use it.

The VUDOR woven-in Ventilator brings health and comfort; the "Printed Paper Pattern part" of the VUDOR Self-Hanging device does away with all "hanging" troubles—the bugbear in years gone by; it enables you—even if a woman—to have a new room without the assistance of anyone, for a total cost of less than a carpenter would have to charge you for only three or four days' work, and this room will last for ten years or more.
